Helping African women & children Impacted by HIV/AIDS

Hello! Habare! Jambo!

The crates are packed & shipped, my flight is booked and I am ready to rumble, again.

Thank you! Thank you! Thank you to **everyone** who donated items to fill those 3 crates that are almost in Mombasa. By the time I arrive, the crates will be cleared and waiting.

Thanks to Parkwoods United Church and the Rotary Club of Scarborough Bluffs (my club) for helping with the shipping charges.

Honestly, I had no idea what I was getting myself into when I decided to ship out the boxes of books

donated by Fairmount Books. Thank you so very much to my dear friend Marty Cutler. The kids will be in awe of the number of books they will receive.

When I realized that I could ship smaller crates that fit into the large containers, I sent out the word that I was shipping "stuff" to Kenyan orphanages. The donations began and still continue long after the crates have been shipped. When I visit, I will source other orphanages that need help in this very remote part of Kenya.

I am especially thankful to Dr Victor Kireti for helping me sort, pack and deliver the boxes of supplies to the shipper. Victor, I could not have done this without you. Eileen, thank you for understanding.

Thank you Mrs Soman, Ms Costa and the Greensborough Public School community. Your contributions will help change the lives of the children in the orphanages at the oddslot community.

Special thank you to Marilyn and Lorraine for cleaning out their closets.

Once again dear friends, thank you so much for your generosity.

PROJECT KENYA 2013 WILL FOCUS ON

- Well / Borehole at Villa 16
- Arts and crafts for the children
- Crocheting floor mats with plastic bags
- Creating a library with the books shipped
- Computer training for the teenagers
- Having fun with the children

I AM SEEKING DONATIONS FOR

- Reviving the well/borehole at Villa 16
- Trucking the 3 crates to the orphanages
- Tuition for boarding school students
- Building the boys dormitory
- Buying school supplies

We can accomplish more together than we can alone

Tuition Project - high school students....

Villa 16 and Mwatate are both located in the remote regions of Kenya. It is 3 hours driving from Mombasa to reach these 2 orphanages.

In order for the high school students to receive their secondary education, they must attend boarding schools.

There are 8 children attending boarding school at the moment. The cost per student, per semester, is approx \$325.

Without donations from well wishers, these children will not get their high school education. nor the opportunity to realize their dreams.

Tumaini Joseph, who lives at Mwatate, is one of the success stories.

Tumaini has just graduated from Kenyatta High School.

This is the same boarding school that Dr Kireti attended.

Here is an excerpt from the letter we received from Mwatate.

"In his final exams (form 4), Tumaini was the top student for the entire area.

He scored a final grade of A-minus with the following subject marks; English B-plus, Kiswahili B, Maths A-minus, Biology A, Physics B plus, Chemistry B plus, Geography A, Metalwork C.

Tumaini wants to be either a Doctor or a Marine Engineer.

Please join us in celebrating the victory of our child.

A indicator to show that when vulnerable children are given support (it) can do wonders."

If you would like to contribute towards educating one of the children, please contact me.

Thank you in advance for your support.
